

SPECIAL HANDLING AND CRATE FEES

Bezdan is committed to providing exceptional customer service, which extends to our shipping practices.

Some Bezdan products require special handling and come packaged with up to three levels of protection. For product lengths exceeding eight feet, we carefully package in crates and load onto trucks laid flat to reduce the risk of damage during transport. Please refer to the tables below for the additional crate fees that will apply.

Bezdan Stainless

Find your product, note the crate fee code, then match the number of lengths to calculate the fee.

Product	Part #	Crate Fee Code	Crate Fee by Number of Lengths				
			\$40	\$80	\$120	\$160	\$200
Round Tube	9005	CF-1	Up to 4	5 to 8	9 to 12	13 to 16	17 to 20
	9010						
	9015						
Square Tube	9410						
Cap Rail	9480						
Cross Tube	8030	CF-2	Up to 16	17 to 32	33 to 48	49 to 64	65 to 80
U-Channel	9910						

Q-Railing

Find your product, note the crate fee code, then match the number of lengths to calculate the fee.

Product	Part #	Crate Fee Code	Crate Fee by Number of Lengths				
			\$60	\$120	\$180	\$240	\$300
Easy Glass® Slim Base Shoe	16.6904.300.18	CF-3	Up to 4	5 to 8	9 to 12	13 to 16	17 to 20
	16.6905.300.18						

How Crate Fees Are Calculated

The crate fee is calculated based on the total number of lengths with the same crate fee code (e.g., CF-1) ensuring you receive the most economical rate. The fee is applied at checkout.

Example:

Your order contains:

- 9410 Square Tube x 5
- 9480 Cap Rail x 5
- 8030 Cross Tube x 10

Crate Fee Calculation:

- 9410 x 5 + 9480 x 5 = 10 items (CF-1 = 9 to 12 lengths) = \$120
- 8030 x 10 = 10 items (CF-2 = Up to 16 lengths) = \$40

Total Special Handling and Crate Fees = \$120 CF-1 + \$40 CF-2 = \$160
